

I have used Just for Kids 2 Daycare and PreSchool for the past four years. My daughter started there after having a rough patch with other daycare providers. From the beginning they welcomed her as one of their family and she loved attending.

My son started daycare there when he was only 4 weeks old! I was extremely apprehensive since he was so young but there was never an issue! There was even a discount for having two children in their care.

My third child started there over a year ago and we had all three in daycare at the same time. One in the infant room, one in the toddler room, and one in the preschool group. This worked very well.

The staff works with kids on not only social skills, but also academics. This has contributed to my daughter thriving in kindergarten.

Just for Kids 2 is great at communicating with families. There was an instance when one of my family members went to pick the kids up and they called me to make sure that I was aware of the situation. Another instance they called to let me know that my son had been bitten by another kid. They are very thorough and when it comes to my kids I appreciate the open communication.

They have also worked very hard to accommodate my schedule. As a teacher, I sometimes have very weird hours. Summer has never been an issue and they have always had a spot waiting for me when I return to work. There have been a few occasions when something had come up during the summer and J4K let me drop off the kids last minute.

I have recommended many families to Just 4 Kids because of the sense of ease I have when I drop them off.

~ Lindy Watt

Just 4 Kids Daycare is absolutely amazing!!! I can't say enough about the staff. They have been truly amazing with both of my kids over the past 3 years. My son has become very close to the girls and loves helping when he can. Preschool routine and structure has provided an awesome atmosphere for my son's development. He is going into Kindergarten in the Fall, and passed his screening with flying colors. I have Just 4 Kids to thank for that! We have tried other daycares in the area, and none of them compare to Just 4 Kids. I would recommend them to all my friends!!

March 2016

Just 4 Kids 2 has become a home away from home for my kiddos since 2014. From the moment I stepped into their center, I immediately felt comfortable. The ladies work hard to keep the facility clean and sanitized. My daughter has been going there since she was 3 months old and my son at age 3 is excelling through their preschool program. All the teachers at Just 4 Kids 2 are exceptional with a big heart. Recently, an early childhood educator joined the team. My son can count to 50, spell and write his name, and say and write his ABC's and numbers. The ladies are very creative in the games, activities, and parties to help engage each child. It makes me smile all the things my children get to experience when going to Just 4 Kids. I always think, "how did they think of that?" My kiddos have never once cried when I leave them, they know the routine and do well with the structure provided. I can't say enough how thankful I am for the care they provide!

RE: Just 4 Kids Preschool and Daycare  
715 N. Highway 14-16  
Gillette, WY 82716

To Whom It May Concern:

This letter serves as a recommendation for Just 4 Kids Preschool and Daycare. It may be distributed at the discretion of Just 4 Kids and I will gladly serve as a personal reference for the center in general and any staff members employed during my daughter's stay.

Lilah began attending Just 4 Kids in September 2009 at the age of 4 months when I had to return to work full-time. The staff at Just 4 Kids was great with her from the first day and I really appreciated the effort made to accommodate all of my requests from her crazy nursing schedule to helping me break her of her pacifier. I was welcomed every time I showed up at the center, usually 2-4 times per day for the first six weeks, to nurse. No matter how sporadically I showed up, I never saw anything that was cause for concern or out of place. My baby was always happy and she was always receiving plenty of attention.

I quickly felt assured that Lilah was in good hands when I saw how happy she was to see the staff in the mornings when I dropped her off, usually with Maria or Paulette. Any special instructions for the day – feeding, medication, caring for diaper rash, etc. were handled wonderfully by the staff. I've had a great relationship with everyone caring for Lilah and I love that the staff would ask questions about her likes, dislikes and habits. I had the sense that they really knew her and cared about her. In addition, I have always received feedback about her day and what has gone on which is great when I can't be there with her. I think Just 4 Kids does a great job of involving parents and providing information.

In addition, I think Just 4 Kids has been great for Lilah's development. I received great suggestions about age appropriate toys, activities and food when I asked. The socialization that takes place is wonderful and it couldn't be accomplished without every staff member taking great care of the kids in their charge.

I have recommended this daycare to all of my friends and have nothing but positive comments. My family is relocating to Colorado in June 2010 and I am sad to leave behind such a great place and great people who have taken wonderful care of my bubbly and now 13-month old baby girl. I welcome anyone to contact me with any questions about my experiences at the center.

Sincerely,

Melissa Velasquez

To Whom It May Concern:

My children have been attending  
Just 4 Kids daycare for 5 years.  
In this time they have never been  
mistreated or abused in any way. My  
children enjoy attending Just 4 Kids  
& I feel very comfortable with all the staff.  
I have recommended it to my friends.

Sincerely,

Cardyn Slattery

To Whom It May Concern:

My child has been enrolled at Just 4 Kids Daycare for three years. Originally I had him in a home daycare setting for the first two years of his life. Coming from a home daycare setting, he was comfortable being around a small number of children. I wanted him to get more opportunities and be involved with a bigger number of children so he would have an easier transition from daycare/preschool to the elementary school.

My friend recommended Candy and her staff. She said Candy does a great job with the children and it really shows with my son. His vocabulary, social skills and knowledge have grown tremendously since being at Just 4 Kids. They really work hard with all the children. They learn everything from the calendar and days of the week to how to introduce yourself when meeting someone for the first time. They even have exercise time, something my son talks about frequently. They do field trips relating to the topics they are learning. They have even gone to the Fire Station to learn about fire safety. They work diligently on getting the kids ready for Kindergarten, everything from coloring skills, cutting and learning to write their name. The school papers he brings home really show the progress he has made through the years. During the summertime, the children get to play at various parks around town. The children get to participate in a cute holiday program.

My son loves going to Just 4 Kids. It makes me feel good that my son runs over to the teachers in the morning and gives them big hugs. It just shows that he loves his time with his teachers and friends. Because he has so much fun, there have been days that it has been hard to get him to come home. The teachers are like family, helping my son learn and grow into a great little man. I can honestly say that I feel totally comfortable and never worry about him being there while I'm at work. Candy and her staff have the children's best interest at heart. I would recommend her to anyone.

Thank you,

To Whom It May Concern:

In regards to Just 4 Kids Daycare and Preschool I truly cannot say enough about Candy and her staff. My son, Jaden has been there since April and has really flourished in that time. He has learned to problem solve, learned his alphabet, and if ever I have a problem with something regarding him, the staff is always more than willing to help me work through them. He recently went for a preschool screening and they were sure to let me know that what ever areas he needed help with to prepare him for school they would do what they could to help. They are prompt in letting me know if he sick or if there is something else I should be watching for. If you have any questions, please feel free to call me at home 685-2214.

Thank You,

RE: Letter of Reference

To Whom It May Concern:

I am writing this letter as a reference for Candy Gulley, owner of Just 4 Kids Daycare. My son Logan Smith has attended her daycare facility since January of 2003. Ms. Gulley has made a very positive change in my son's attitude about attending daycare. He no longer dreads going every morning and looks forward to the activities at the daycare. The daycare is very clean, orderly and well prepared for the children of all ages. Ms. Gulley conducts her business in a very professional manner, yet provides the children with a friendly and safe atmosphere. Ms. Gulley is always pleasant and greets each child with a smile every morning. She is always willing to discuss any problems that may arise and look for solutions that meet everyone's needs. I would recommend Just 4 Kids Daycare to anyone looking for a fun and caring place to leave their children.

Sincerely,

  
Deborah K. Smith

To whom it may concern

For the past two years my daughter has gone to Just 4 Kids daycare at both locations. The staff is very wonderful in all aspects. There were a lot of days she didn't want to go to preschool, but once she got to daycare and they showed her what she was going to be doing for the day she was okay and very excited about staying. She will be a kindergartener this year and did very well with her screening, "Thanks to her preschool teachers." I would highly recommend Just 4 Kids Daycare and Preschool if you're looking for a great place for your child to learn, interact with others kids and be well cared for. Please call me at 719-460-3667 if you have any questions.

Paulette.

To Whom it may concern,

Our daughter Elizabeth has attended Just 4 Kids Day Care since she was three years old. She is now eleven. Candy and her staff have provided a warm caring and safe second home for her. The staff has worked with us through odd schedules and on short notices.

Many people prefer a home day care facility to a day care center because it can provides a home like atmosphere. However, the warm nurturing staff at Just 4 Kids makes their center a home like environment for children. Our experience with the staff has been wonderful. More importantly, Elizabeth loves the staff and Just for Kids. When we had our daughter in a home day care, the care was good; however, every time the provider got sick, went on vacation or had a family crisis, we were left without day care. Those problems ended when we brought her to Just 4 Kids. On top of these advantages, they have the ability to separate the kids for age appropriate activities. Home day cares do not have the staff to do this effectively. The activities at Just 4 Kids provide wonderful adventures in the city parks, theaters, bowling alleys as well as many other locations around town.

Candy and the staff have provided gentle and consistant guidance and a lot of love to Elizabeth as she grew in good manners and behavior. The preschool program contributed to Elizabeth's love of learning and reading. In recent years the staff have been wonderful about encouraging her to do her homework at the day care rather than later that night, a big help when sometimes you don't get home till 6:00 pm. On top of everything else, our daughter is very set in her ways and a picky eater; yet, the staff at Just 4 Kids have been successful at getting her to try new foods and other things that she would not do for us.

Elizabeth has been at Just 4 Kids for around eight years. It truly has been a second home for her and we have been very proud to have had our daughter there. We gladly recommend Just 4 Kids to any parent and so would our daughter.

Sincerely,
